---	--	---	---

# A place where you will find the keys to succeed

## At the heart of the continent

Bridging Northern Europe and the Mediterranean, France's location gives it comparative advantages to play a **major role in european logistics**

## Europe's largest network of navigable waterways

8,500 km (5,280 miles) including 2,000 km (1,250 miles) of broad-gauge waterways

## Unrivalled sea access in Europe

The port of Marseille-Fos is **the largest port in France and in the entire Mediterranean**

France has **the largest coastline in Europe** (5,000 km / 3,100 miles) and seven major maritime ports

**We Choose**  
■ ■!

## World-class infrastructure

Paris CDG is **Europe's leading airport for cargo**

**Second largest rail network in Europe** with 30,000 km (18,650 miles)

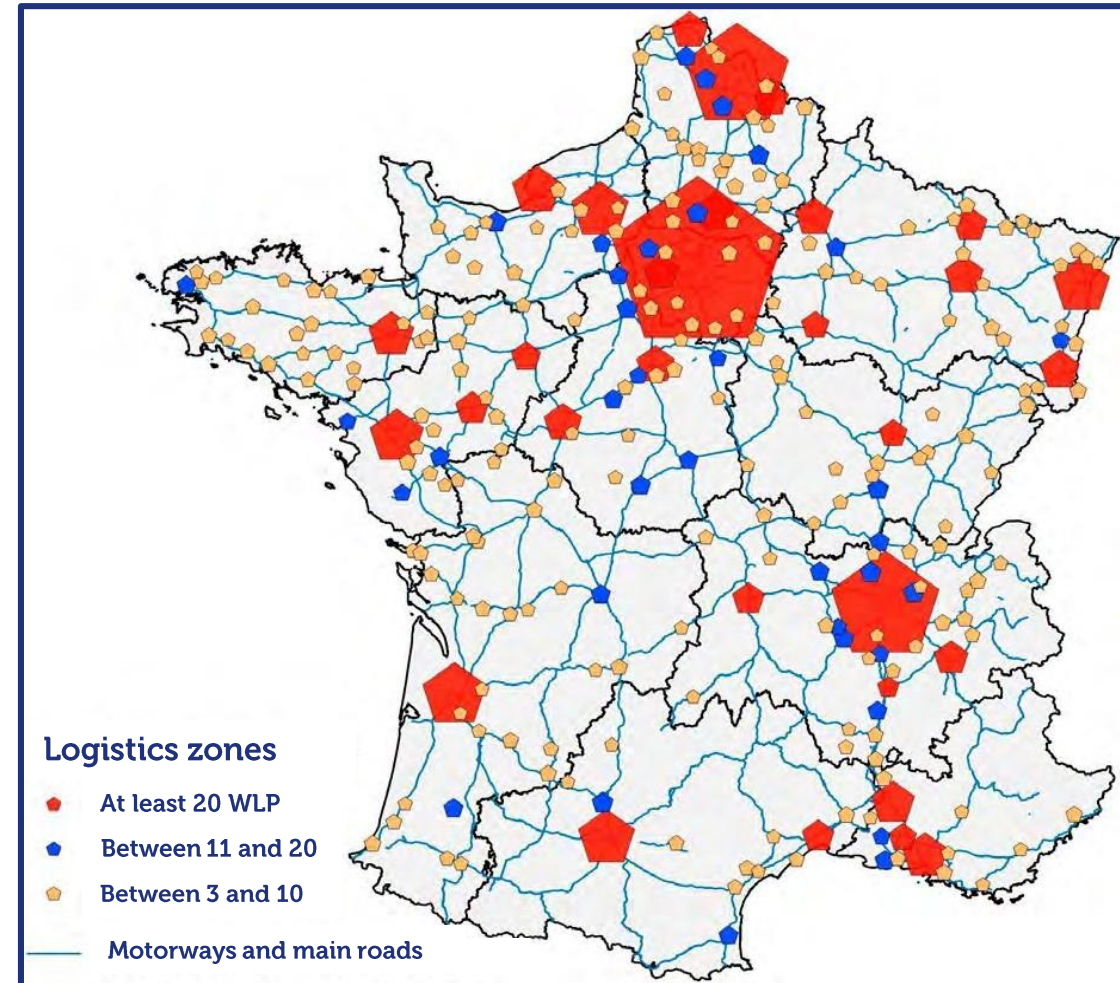

**Largest road network in Europe** with 1 million km (620,000 miles) of roads

# Enjoy an extensive network of logistics zones
