

# THE FRENCH AMBITIOUS ROADMAP FOR TOMORROW'S AUTOMOTIVE INDUSTRY

Choose France™

Assets and new measures announced by President Macron, in early 2019, driving France forward as a world-class location for the global automotive industry.

It is the right time to consider France as your n°1 choice for your automotive strategy!

## #1 European

destination for job-creating foreign industrial investments

## 2nd

largest car industry in Europe

€50 bn of exports in 2017

# 400,000

Direct and indirect employees

# 4000

manufacturing sites

## The Best

tax system in Europe to host R&D activities

## A much sought-after

well-qualified pool of engineers, software and data experts and technicians.

A recruitment support plan for large-scale start-up projects

## 132 foreign

companies in the automotive sector already present in France

## A €650 million

support for R&D projects in the sector through the *Future Investments program*,

for a total investment volume exceeding €2 billion supported by the automotive sector.
